

2024 Winter Storm Emergency - Weekly Temporary Lodging Summary - National City

A major flooding event occurred on January 22, 2024 in San Diego County. Through a region-wide damage self-report survey, 211, the County and City Local Assistance Centers, Emergency Temporary Intake Process, and calls, there were about **250 initial reports of property damage or other type of storm impact** to residential and commercial locations in National City. Of those, **48 residential locations were classified as major damage**, about **110 were renters**, and **120 were owners**. This report summarizes the current status of **76** households or cases managed by Equus (County contractor) and the County in National City.

~ National City, Data as of Monday, April 08, 2024 ~

In Emergency Temporary Lodging Program

\$1.7M

FEMA Award Amounts for Placed Households**

Total	Mean	Minimum	Maximum
\$0.6M	\$16.0K	\$300	\$55.5K

Summary

- There are 54 households from National City in the temporary lodging program.
- 22 households have applied to FEMA since last Monday; 5 households have no record of an application.
- As of April 8, about \$1.7 million was awarded by FEMA in National City, of which about \$600,000 has gone to 35 placed households.

FEMA Assistance Status of Households Placed in Hotels

- Received assistance = FEMA assistance includes rental assistance, home repair, etc.
- Applied but no assistance indicated = may be a temporary status, such as not yet processed by FEMA or lack of documentation, or the household may not be eligible.
- No record of application = may be due to inability to match the records or households may not have applied due to miscommunication, hesitancy to contact government, etc.

Owner vs. Renter Status of Placed Households

*Left the program due to own choice or no longer eligible. Rarely, for non-violent offenses, one warning is given for the first Code of Conduct violation and households are asked to leave if there is a second violation.

**Individuals and household program.

Disclaimer: This is a snapshot of rapidly changing data. Numbers are subject to change as duplicate records are identified and household composition changes.
